Cool." •Entertainment Weekly"The most intense adult comic in ages." •Spin"It will restore your faith. In comics." •The New York Daily News

Irish-born writer Garth Ennis is the acclaimed author of the PREACHER graphic novel series, and also has written numerous JOHN CONSTANTINE -- HELLBLAZER graphic novels, as well as THE AUTHORITY, THE BOYS, WAR STORIES, PRIDE AND JOY and other titles.

From the very first issue, Preacher captivated me in a way few graphic novels have. I read every single issue of this story within a matter of weeks, I could not get enough. The story follows Jesse, a preacher in Texas, who gets invoked with a spirit that may make him the most powerful being in existence. The characters are beautifully flawed, the themes of religion, right and wrong, are mixed with Movie Westerns and Secret Societies. Once you start Preacher, you are in it for the whole 75 issues. You will be glad you went on this journey! The hardcovers are beautiful and a must-have for you to enjoy reading over and over again.

DOES NOT GET ANY BETTER THAN PREACHER! Garth Ennis and Steve Dillon at their very BEST; the whole series is amazing and by far the best comic I've read! I first read this when it came out, and even bought the original graphic novels as they did too. But this set is worth buying the series again essentially for the third time. The colors are beautiful, the weight of the books feel perfect, and I love the feel of the pages.

Preacher book 4 is the most spectacular in the series thus far. Ennis brings all the major players in the story together for an epic throw-down that MUST be read to be believed. It also throws in a great flashback for Starr, easily the best backstory chapter in the whole series. Check. It. Out.

I'm kidding. Preacher is one of my favorite comics of all time. This one pushes the envelope being good taste, so if you're reading this and PC is a big thing in your life, pass. If not, well Jesse, tulip, Cassidy, Starr and more are back. Among with sacrilege, cannibalism, nuclear weapons and... that would be telling. Just another great volume in the preacher series.

Haha... already had this one, needed the next in the series... Still a good one if you needed this volume! :)

Great book. The Saint Of Killers Gets Hit With An A-bomb, and Just says not enough gun. Even Nukes hurt Superman.

This is the first time I've been disappointed with the series. It's not that the story is bad, it isn't at all. But an entire third of book 4 has nothing to do with the story at all. Things just start getting good at like page 215, you think there's still quite a bit to go and suddenly it's a pointless back story of a

minor character for 80 pages, then what seems like a fanfic about characters not even in the story anymore.

I been reading preacher comics they are good and I love the series
