Customer Reviews

Jeri Lyn Ringblum is an avid collector of mini bottles in Missouri.

Very handy for collecting these gorgeous bottles

Beautiful book!

Great source of information.

Found many of the bottles I have. Use this for range of pricing in my antique/collectible business.
Like having the pictures.

Good photos, but not enough info.

This is a great book for all collectors of minis. It has good photographs and information. Best of all, the prices are next to the pictures. This saves a lot of time when looking up many bottles at once.

This book has become my "Collector's bible" since purchase. The information is concise, informative and the photos are sharp and clear. An excellent book for beginners and established collectors alike because it deals with modern bottles available world wide. The launch dates are a great asset for those who catalogue and date their collection and the price guide enables buyers to keep perspective when bidding or buying. One small problem is the indexing which in places is incorrect.

This book is more than a collector's handbook, it is my bible. It has brought great joy to my life, I don't know which is more fun-finding my miniatures to purchase or coming home and finding them in Jeri Lyn Ringblums' book. I would purchase any of her work!!!! The color, detail, information about each miniature perfume bottle is wonderful. I would suggest to anyone to buy 2 of her books at a time because the first one will get worn out. Such fun to wear out a Book.
