Dr. Maloney has published work in numerous professional journals, including JOURNAL OF TAXATION, THE TAX ADVISER, TAX NOTES, CORPORATE TAXATION, ACCOUNTING HORIZONS, JOURNAL OF TAXATION OF INVESTMENTS, and JOURNAL OF ACCOUNTANCY.

It is very good but does not cover all topics I was looking for under corporate taxation but in general it is the best

This book helps keep up with the latest tax topics. A must for a practicing CPA. Worth it in every way!!

Perfect shape and arrived on time. Great book and great supplier. This book is great for learning about the tax environment of the United States and can help with the choice of the appropriate entity form to choose to minimize taxes.

This is without a doubt the worst textbook I've ever used. I am no tax dummy having worked over 15 yrs. in this field but the examples in this book are horrible, and are very hard to follow due to their layout. There aren't good examples showing completed tax forms as examples of what they are talking about (which are really helpful to visual people). I would rate this a 0 in my book and it needs to be redone. Also the software included with the book was junk and didn't operate correctly so I had to figure out a way to bypass all the goofy formatting problems on the software so I could actually complete a return properly.
