Making Out In Japanese Phrase Book, Revised Edition

Synopsis

Making Out in Japanese is a fun, accessible and thorough Japanese phrase book and guide to the Japanese language as it's really spoken. Sugoku suki! Mata aeru?â (I'm crazy about you! Shall we meet again?) Answer this correctly in Japanese and you may be going on a hot date. Incorrectly, and you could be hurting someone's feelings or getting a slap! Japanese classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Japan you will spend a lot more time trying to make new friends or start new romancesâ something you may not be prepared for. If you are a student, businessman or tourist traveling to Japan and would like to have an authentic and meaningful experience, the key is being able to speak like a local. This friendly and easy-to-use Japanese phrasebook makes this possible. Making Out in Japanese has been updated and expanded to be even more helpful as a guide to modern colloquial Japanese for use in everyday informal interactionsâ giving access to the sort of catchy Japanese expressions that aren't covered in traditional language materials. As well as the Romanized forms (romanji), each expression is now given in authentic Japanese script (kanji and kana with furigana pronunciation clues), so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. This Japanese phrasebook includes: A guide to pronouncing Japanese words correctly. Explanations of basic Japanese grammar, such as, intonation, word stress, and particles. A guide to male and female usage. Romanized forms of words and phrases (romanji). Complete Japanese translations including Japanese characters (kanji) and the Japanese alphabet (kana). Useful and interesting notes on Japanese language and culture. Lots of colorful, fun and useful expressions not covered in other phrasebooks. Titles in this unique series of bestselling phrase books include: Making Out in Chinese, Making Out in Indonesian, Making Out in Thai, Making Out in Korean, Making Out in Hindi, Making Out in Japanese, Making Out in Vietnamese, Making Out in Burmese, Making Out in Tagalog, Making Out in Hindi, Making Out in Arabic, Making Out in English, More Making Out in Korean, and More Making Out in Japanese.

"Absolute fun. Take this to your Japanese class, and have fun!" --This text refers to an out of print or unavailable edition of this title.

I have used the Making Out In ... series before for Mandarin and Korean and purchased this one for a friend who was interested in Japanese culture. It was entertaining enough that my friend picked up many useful phrases pretty easily. This is not the best learning tool but it bridges the gap between a stodgy scripted material and something more entertaining and fun to learn. If you are not familiar with this series you should be warned that this does contain foul language. Buy this as a supplement to your Japanese studies!

I bought the Arabic version a few years back and thought it was hilarious so when my daughter got stationed in Okinawa, I bought her this book. Her Japanese coworkers have perused and said it isn't that far off, although they highly recommended that, as a woman, some of the phrases are not recommended.

I like it. Quite handy I must say. ^_^

This book is great for learning Japanese informal speech. I think the book would be more effective if it included the translation in kanji and hiragana

It is very helpful and has a variety of words and phrases, very simple to understand and create more phrases if you're creative.

It's filled with insults to loving or ending relationship quotes. I love this book since it's quite simple to

read.

This is a good addition to our library. Thanks.

Its a good book. Funny for those that wants to learn Japanese in a funny way and be able to have communicaiton.
