Breathtakingly beautiful!

This book may be an older release (2008) of the work of photographer Howard Roffman but it is a very fine collection of light hearted and sensual imagery. Known for his widely collection of the Bel Ami group of healthy young fit and seductive lads, here Roffman tells the stories of nine boys from all around the world at their most alluring and erotic. Starting with Christopher, a small-town boy vacationing in San Francisco, these beautiful black and white photos take us on a whirlwind tour to the Grand Canyon, where German exchange student Tolga communes with nature; a deserted beach, where aspiring British actor J.C. plays in the sea and sand; and more. What sets this particular book apart is the implied narrative that accompanies the photographs. Roffman also gives a brief introduction to the models, making the book all the more personal and inviting. His images capture the beauty, innocence and unashamed, explicit sexuality of young guys. Roffman has earned his position as one of the finest photographers of the male figure and this book shows it off very well. Grady Harp, November 11

Howard Roffman is my favorite photographer of the nude male, and this is the best I've seen. Not

only are the models gorgeous, but he brings out their personality and thoughts, especially with their poses and through their eyes. That detail paints an entire story behind each photo.

After his distant journey to South Africa, which produced *The Boys of Bel Ami* (Howard Roffman's most innovative and technically perfect book), the photographer has returned to his home in San Francisco and provides photos of his young friends that remind us of previous photos seen in older books by the gifted artist. Nothing new, in fact, with the exception of J.C.'s discovery, the amazing British male counterpart of Marilyn Monroe - yes, it sounds odd but just watch his pictures.....

This picture book has all the qualities that I enjoy. Beautiful men in beautiful settings. It's a WIN.
