The Editors of the American Heritage Dictionaries and Thesauri are trained lexicographers with a varied array of interests and expertise. Most of the editors hold graduate degrees and have studied at least one foreign language. Several have degrees in linguistics or in the history of the English language. Others have degrees in science or sometimes other disciplines. All the editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work in association with consultants to ensure that the content of our publications is as accurate and as up-to-date as possible.

There is no better dictionary for English and I have many old and new ones that I am basing this comparison on.

Bought as present for student to help expand vocabulary.

will use it,nice and compact,no complaints.customer

Perfect.

good job

best brand we've come across so far!

This thesaurus was everything that I expected and more....everyone at my son's school wanted to know where we got it including the teacher. I of course told them that I got it from .com and that it was the only choice for us.

I bought this to use in my reading class to see if the students can find synonyms more easily than with a dictionary. So far, it has worked well, but I haven't tried it with all of the reading groups yet.
