When I returned to school after 25 years I didn't think I would need a dictionary because I have a computer, was I wrong. I purchased this set and it has been a godsend. The thesaurus is great, but the plus was "The Writer's Companion" which helps with your style, grammar, and APA papers that you will have to do.

Good for anything from remembering definitions to essay writing tips :)

I bought these for school for my granddaughter. Great set!

Great set of books. .they are going to be extremely helpful for my son thru out his High School years! Perfect set of books to help him. .already been used alot!

Fast service. Excellent product.

I picked this set up here on for really cheap. It is what it is, not the best, not the worst. It is very small and doesn't take up much space, which is a bonus. If you're looking for a word that is not found, chances are you already own a larger more complete dictionary anyway. I can let my kids use this set and if they mess it up, who cares. It is far from complete, and the paper and print are not the best, but considering the price it's not so bad.
