Great content and well organized on kindle, my only issue is when I do a search it's not easy to use. I don't know what I'm doing wrong but it's not easy to do a whole book search. Frustrating.

Book was delivered in great condition however after using the book, the binding isn't so great in the middle. I take really good care of my books too. So I was a disappointed when I noticed this bc I'm now worried that a page or more might accidentally fall out and this was not a cheap book.

Needed for class

The book came as expected in great condition and it arrived quickly. Thanks!

Book was fine, but the book sucks. There are better ways to learn this material, like anywhere that discusses the topics, Wikipedia, just typing something in to google...anything.

Its a good book the teacher said it was very detailed. He's the BSW director for social work.

exactly what the course asked for... Thanks

excellent condition
