Customer Reviews

We took our first international trip with our toddler last week and this book simplified things. We weren't in Brussels for long but it was our favorite stop on the trip. This is a great city for kids, if you know where to go. This guide was instrumental in making our visit hugely successful for the entire

family. We've never been big on guide books, but then we also never sought out playgrounds before our son was born! This is a great guide. It's fun to read, easy to use, and hones in on exactly what you need.

This is an excellent guide, not just to Brussels but to some other areas of Belgium. It will be helpful to anyone traveling to Brussels, with or without children. Brussels sounds like a wonderful place to visit.

Nothing I hadn't already read surfing on the Internet. A very short 'book' with nothing in particular to differentiate it. Safe the price of the book and buy some frites or bier in Belgium.

We just returned from Belgium and purchased this book before leaving (kindle addition). We found it so helpful. Not only for Brussels but the surrounding cities. I liked that the book points out places to visit but also gives you suggestions to eat near that location. I thought it gave you just the right amount of information to not overwhelm. We used it in Brussels, Antwerp and Bruges. So glad we bought it.
