Since 1973, Rick Steves has spent about four months a year exploring Europe. His mission: to empower Americans to have European trips that are fun, affordable, and culturally broadening. Rick produces a best-selling guidebook series, a public television series, and a public radio show, and organizes small-group tours that take over 20,000 travelers to Europe annually. He does all of this with the help of a hardworking, well-traveled staff of 100 at Rick Steves' Europe in Edmonds, Washington, near Seattle. When not on the road, Rick is active in his church and with advocacy

groups focused on economic justice, drug policy reform, and ending hunger. To recharge, Rick plays piano, relaxes at his family cabin in the Cascade Mountains, and spends time with his partner Trish, son Andy, and daughter Jackie. Connect with Rick: facebook.com/RickStevestwitter:

I bought two copies of this book, one hard copy and one for the internet. From now on, I would always buy the online version as it's in my pocket while I'm on the street in Zagreb or wherever. Rick's books are always awesome.

I've always liked Rick Steves travel guides and this one did not disappoint. What he thinks is interesting doesn't always match with me, but it's close enough and I'm familiar enough to know then.

I think Rick Steves guide books are the best!!! My husband and I have been using them since we were both in college and 15 years later we're still using them!!! We're trying to decide if we want to go to Croatia this summer so I purchased the guide book and am so impressed by all of the useful information!!! This is the only guide book you will ever need!!

What can you say about guide books published by Rick Steves except that they're great. I always carry a guide book and a map along with so that I can "feel st home" when on one of his trips or on my own trip.

Rick is always knowledgeable and helpful. DOn't travel without him!

This is a very complete book for the area. It covers everything you need to know.

Very informative

Rick Steves is so helpful. He has helped us find our way around all over Europe, finding fascinating places to explore, avoiding long lines, and encouraging travel.
