Yookoso! Continuing With Contemporary Japanese Student Edition With Online Learning Center Bind-In Card

Synopsis

Yookoso! Continuing with Contemporary Japanese is the second volume of a two-volume series for beginning Japanese courses. Based on modern principles of second-language acquisition, Yookoso! was the first beginning Japanese text to integrate the teaching of all four language skills (listening, speaking, reading, and writing) and offer a full complement of ancillary materials. In this text, grammar is treated as a tool for developing the ability to communicate in Japanese, rather than as a focal point. The rich illustration program--including photographs, line drawings, and realia--provides an attractive context for language learning.

Customer Reviews

I used this textbook for my Japanese classes at my University. I love the language and this textbook is just perfect. I'd most likely buy this one even if wasn't taking a class. The organization and vocabulary are displayed intellectually with perfection. It's a bit pricey but this will last a lifetime!

Great price, fast shipping.

My biggest complaint is the organization. I wish all of the vocab words were at the end of the chapter.. There is a collection of words, but it doesn't include ALL of the vocab words, so you have to double-check that you got them all, and they're spread throughout the chapter, sometimes with only a few by themselves.

It's even better than Vol1. It has good grammar explanation including cultural background.

Very detailed and easily explained grammar. lots of practice examples to work with and culture notes to help you understand why Japanese people say what they say.

we are using this book at my college and i follow it very well.its easy to understand more so than other books :3 and its what im used to.I would recommend this book!

This series really jam-packs grammar into your head, and the homework doesn't always reflect the day's lesson, so it's hard to remember everything.

textbook arrived quickly and in good condition. The textbook itself is ok, but it would be nice if the dictionary would include words from the first year Yookoso!, and I was not a fan of all the red writing in this one.
