Synopsis

The BEST, Most Value Provided Japan Travel Guide On The Market Enough with being lost, tricked, and unsatisfied! Lost Travelers have taken out the struggle and worry of traveling by providing our travelers with all the information they need from the point they arrive to the airport till departure. We provide you with a brief history to better understand the locals and the beauty of the city, information on every type of transportation, your safety and amazing places to visit (day and night), dishes to try and much more. Why Lost Travelers Guides? Tired of long, boring, and biased guides out in the market that not only waste our time but also waste money? So were we! We continuously had to ask someone for the simplest things that could have easily been found if we could speak the language of the location, or information that should have been in the guide we were using at that time! As we continuously face this problem we decided we should create a guide that that would cover everything a traveler needs to know from the point of Arrival to Departure, and the Lost Travelers Guides were born. When having our guides created we take a lot into consideration such as time, therefore our guides are short and to the point. But mainly we ask ourselves and other travelers what we enjoy during a travel and what we wish we had known prior to visiting the location and that is where the Lost Travelers guides excels. As the Lost Travelers Guide team, we only have one goal and that is to make sure that our guides are the best out, and provides the most value available. Here Is A Quick Preview Of Our Guide

"Travel brings power and love back into your life." - Rumi Happy Travels!

You definitely do not wish to be lost in your travel, do you? This travel guide is your best travel partner should you have any plans in taking a trip to Japan. It enumerates all the beautiful places you wish to go and see, what and where to eat, where to stay and many more. The places for accommodation and food are categorized according to your budget, so you could comfortably settle and enjoy your stay in the "Land of the Rising Sun"!

Thought I would take a chance and found the book to be of marginal value. Good background on the cities covered and a few recommendations for hotels and restaurants but the sites are just listed with no ratings or descriptions. The one thing that I needed was not included, namely recommendations on sites to visit.

The quick history lesson was a short overview. The 3 words to use and the app suggestions were helpful. But I wanted more in depth description of the sights to see. It contained only a list which I did not find helpful. The sections on where to eat were minimal at best, but I need a list of what the foods are. Would not recommend this travel book.

I have always had an interest in Japan and its history, I found this book through a friend of mine, and must I say that it has some really great and interesting information, I would definitely recommend it! I find Japan and its history fascinating, especially as a kid I used to love Samurai movies and books. Anything from Kill-Bill to Shogun (The book). Also love Tokyo, and I would like to go again soon, Such a great City. Thanks for a great book!

As a guy fascinated with Japan and its culture this guide covers everything you need to know if you plan to visit the "Land of the Rising Sun". It gives you an information about all the famous places - where, how and what. Very detailed and structured information regarding food and accommodation in different price range. Definitely buy this book if you want to be comfortable in your travel in Japan.

I've seen my friend with a lost travelers guide for London and he suggested me to use them and by all means he told me one thing and that is spot on, he told me "Its straight to the point no fluff under 100 pages" and from my experience with Lost travelers Japan guide it was. I would suggest checking them out and be the judge yourself.

I love this travel guide! It has already brought me to Japan. Complete guide, it has even provided me with historical facts and interesting facts about Japan. Now if you are planning to have a vacation in Japan, you better check this one because this book is the best guide that I've been seen so far!

Only the main cities are mentioned with general information. No further background on other touristic spots in Japan. No maps included. Luckily I ordered the e book version the hard copy would have been a waste of money
