The Victoria Letters: The Official Companion To The ITV Victoria Series

Synopsis

The official companion to ITV's hotly anticipated new drama, *The Victoria Letters* delves into the private writings of the young Queen Victoria, painting a vivid picture of the personal life of one of England's greatest monarchs. From the producers of *Poldark* and *Endeavour*, ITV's *Victoria* follows the early years of the young Queen's reign, based closely on Victoria's own letters and journals. Now explore this extensive collection in greater depth, and discover who Victoria really was behind her upright public persona. At only 18 years old, Victoria ascended the throne as a rebellious teenager and gradually grew to become one of the most memorable, unshakeable and powerful women in history. The extensive writings she left behind document this personal journey and show how she triumphed over scandal and corruption. Created by internationally best-selling author, historian of 12 books and Victoria historical consultant, Helen Rappaport, and including a foreword by Daisy Goodwin - acclaimed novelist and scriptwriter of the series - *The Victoria Letters* details the history behind the show. Revealing Victoria's own thoughts about the love interests, family dramas and court scandals during her early reign, it also delves into the running of the royal household, the upstairs-downstairs relationships, and what it was like to live in Victorian England. Come behind the palace doors and discover the girl behind the Queen.

Customer Reviews

This is a beautifully illustrated and well made book. Lots of lovely photographs from the *Victoria* television series that aren't over publicized in addition to her letters. Well done, I'm happy I bought it new,

The book tells general facts and ideas. I expected to read more details and letters rather than snippets.

I do love a book that accompanies and enhances what you see on the television and this is just lovely! The photos are gorgeous and the behind the scenes information is very interesting. It more than enhances the book and with the historical snippets this is both a coffee table book and one to treasure. Victoria's letters are really nicely woven into a book that captures your imagination and it's a very worth purchase - one to treasure! One to recommend and a lot of interesting content which takes it far beyond a TV companion book.
