Perfect English workbook its great for beginners and or just brushing up on English. My husband studies in this book everyday and he is learning well.

Good seller, great product!!!

I have two other ESL series, and Ventures is my go-to books. I just like the layout in the teacher's books; it's clear and uncluttered, the student books have clear, systematic progression, hitting all the macro skills with good activities, the pictures are drawings, but not childish, cartoon style also using photographs. I think it's a better choice for adults, with more adult usable language. I also like

the way the grammar sections are presented. I'm big into grammar, so I favor the Ventures presentation of grammar over the others. If you're a new ESL teacher; go to this series first.

Easy transaction. Product as described. Thanks...

Great workbook for student activities.

works nicely with the next levels, practicing the writing according to the lessons in the books for the higher levels. Not a lot of repetition, moves through the same exercises as the other student books

Ventures is my favorite ESL book. I have several, and I just so enjoy using the Ventures. It's laid out well, and has good worksheets for 3 levels in daily life activities. If you're a teacher that likes continuity, I'd recommend getting the teacher, student and workbook all together and using them all, w/ other books for "icing."

Was just perfect!!
