I purchased this book because I was looking for a study aid as I was studying Philippians and Colossians. I had studied these books written by Paul before, but as most know, you can never study one book too much! This was my first time purchasing a Kay Arthur book. She does a wonderful job of outlining the book as well as highlighting big topics of each chapter of each book. This book went through each chapter thoroughly. I loved how there was a lot of application questions and "food for thought" questions. I was challenged in many ways. It also helped me to learn how to study my bible better. At the time I was working on disciplining myself to get into the Word everyday. This really helped me to do so because it was a good amount of time to study, yet it was written to where I can have a good stopping point after each day. It was not a full on commentary, but for what I was looking for, it was just what I needed to help me go through these books of the bible. I highly recommend this source, especially for women.

This is not your typical "fill in the blank" Bible study book. If you follow its plan it will help you delve deeper into scripture than perhaps ever before, and you will, therefore, profit from it proportionally more. I recommend this to the group or individual who is not satisfied with the milk of the Word but would like more substance.

love Kay Arthur

helps you to dive into the word and how words really make a difference in understanding what God has for us to learn.

Highly recommend this Precept study! This was very helpful to me in my study of Paul's book to the Philippians! Helped me gain much insight and well, as the study's titled, to know Him better: what it's all about!

This book was shipped fast and was exactly as described. Very inspiring as it guides personal bible study just enough. Highly recommended for whatever phase of walk you are in with the Lord.

Great study. I STRONG recommend this series. Every study I have done so far is great!!

Just as described
