Customer Reviews

I have enjoyed David Whyte's poetry for years. His audio recordings are wonderful because his voice adds so much to his poetry. He reads poetry by sometimes repeating phrases or lines and it adds a depth to the work. Also, he tells back stories of his poetry that give his words a deeper meaning. This is the first time I've listened to a companion to one of his books and it did not disappoint. I thought he might just read the poetry, but he also added his stories behind these recent poems. I highly recommend this product as well as his other products.

I am a great fan of the late John O'Donohue and I consider David Whyte as his disciple. David is even a better poet than O'Donohue, focusing deeper on a less extended range of topics, I did not like at first his repeating poem lines before he finishes the entire poem. But that is not a problem here. I love his writing about different stages of his journey while he is on the journey. His section mourning his friend John Donohue's death is one of the most poignant and honest 'proesy' presentations I have ever heard or read. I will be listening to this artistic compilation over and over again. Buy it - now!

There is something magical about hearing poetry read aloud and when it is the author himself doing the reading, it just makes the experience even better! I especially loved David's commentary between the poems. I will order more of his CD's.

If you've never been on retreat with David Whyte, his audio recordings are a close second to being there. He brings out so much in his readings, I discovered poems from this collection I had breezed over, and upon hearing them read by him, they brought me to my knees, their relevance to my life so accurate, so well said. This is a more serious work, however, but the depth of Mr. Whyte's journey and his articulation of the landscape as it unfolds, brings into symmetry my own often disparate intuitions, offering me the missing note to the overall harmony, always present, not always perceived.

The poet David Whyte is one of my favorite poets. When I heard he had a new book and accompanying CD's out, I quickly went online and ordered them. I love to hear him talk about his poems and the stories behind them, or ordered the CD's to go along with the book. My husband has said that if every high school had a poet like David Whyte talk about poetry, that everyone would love poetry. I agree.

For one who knows herself as a pilgrim, David's perceptions and the words he uses to express them touch my soul in many aspects of my life. Each chapter is a life lesson in itself.

David Whyte is one of my favorite poets and I have most of what he has written/recorded. The poetry is inspirational, moves me to deeper places and opens new horizons of imagination. David is a great storyteller and I so appreciate how he sets the context for the poetry on his CD's

Excellent
