Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more.

This book has the advantage of being small and easy to carry; but I was disappointed in the limited information it contained. The maps, for example, were not comprehensive. I ended up acquiring other books to supplement it, and it did fill a purpose with its size.

This book is exactly what I needed for my visit to Miami and Fort Lauderdale. The book includes maps and not too bulky to carry around in my bag.

The book itself does not have an accurate title. It should be called "All about Miami with eight pages about the Keys".I was more interested in reading about the history, flora and fauna of the Florida keys rather than Miami nightlife so I was very disappointed. My service with .com was, as always, very good, so no complaint at all about that.

I bought this book primarily for a trip to the Keys. It would have been a much better book for our purposes if we had bought the actual book and not the electronic version for the Kindle.

Categorically, I think e-books for travel are great in concept but not as user-friendly as they need to

be. Thumbing through it is challenging.

I have 3 different top 10 books and I really like all the information they have in them. They have information on everything from places to go , places to stay and where to eat. Great for vacation preparation.

Exactly what I needed.

This book doesn't mention the Wynwood area. Not once. This means the book hasn't been updated since 2011.

There is only so much you can do at a certain amount of time when you're traveling. To be able to know the best that's out there and not have to do the research -- that's a super cool thing! The Top 10 Miami & the Keys is one heck of a guide for those who are traveling to Miami and the Florida Keys for the first time. I did have to skip a few sections I wasn't really interested in, but it's great to know more than the average tourist. Miami is a big hub of culture, golfing is great, beach life is not exactly the most family-friendly (dare I say!) but you come here for the experience. So go for it! As for the Keys, I cannot stress how much I died for the bistec de churrasco.
