Staying Safe On My Bike (Safety First)

Synopsis

Safety is an important part of the early elementary curriculum. Safety First helps beginning readers learn and understand safety rules for school, home, travel, and play. Simple text helps build reading skills while giving children the tools they need to avoid and react to danger.

Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

I bought this for my grandson (he's 5) who got his first big boy bike at Christmas! That, along with a pair of cool biking gloves for our local bike store made him feel so important! The book was great in that it was written by someone who really understands what's important and what kids really need to know. I hadn't remembered a lot of the suggestions for bike safety so it was a solid, helpful tool to refer to. He has every toy and book imaginable, but this one will be referred to many times I'm sure! Thank you!

Well done for young riders. Could be a bit more fun and entertaining, though. A good idea to go with first road ready bike.
