# The Day The Musick Died: A Mother-Daughter Addiction Journey Of Suffering, Loss And A Ray Of Hope

## Synopsis

As a mother, Cheryl E. Musick would have done anything for her daughter. But when a devastating addiction wreaks havoc on her family, she realizes that sometimes a mother's love simply isn't enough. In *The Day the Musick Died*, Cheryl shares the story of her bubbly, talented daughter Misty and the drug addiction that eventually took her life. As Cheryl writes in her introduction, she hoped one day to write a book with Misty about triumphing over addiction. Tragically, that book will never exist. Instead, Cheryl pours her love for her daughter into this memoir and lets you see Misty the way Cheryl did. Misty may not be the coauthor of this narrative, but her presence is felt on every page. Cheryl hopes for her daughter did not come to pass, but she continues to have hope for the thousands of people out there struggling with addiction. She is adamant that no one—neither addicts nor their loved ones—should ever give up fighting for sobriety and reconciliation. She wants Misty's story to be a message of optimism, a source of strength and inspiration for all those who have lost their way.

## Customer Reviews

This is by far one of the most touching books I have ever read. After being in recovery from my 24 addiction to anorexia I lost my sister to addiction. The way Cheryl writes gives you a understanding of all addictions and her ability to connect with the reader is one in a million. I have since bought three books to give to my family members to help them through the grief, understanding and to connect with another person who has suffered from loss. This book has been able to break through people that say "I am fine with what happened." In reality they see they want to deal with loss and how addiction has affected them! Thanks to Mrs. Musick for her words and how her biggest tragedy became her biggest gift to share.

Heartbreakingly honest story of a devout and loving family whose daughter is lost in a struggle with drug addictions. Raw and painful and difficult to read, but hugely important for anyone looking for hope in such a devastating situation. Thank you for sharing your heart, Cheryl.

Once I started this book, I could not put it down. Cheryl describes her painful journey with daughter Misty as she suffers through addiction, jail, and relapse. Although this is a very tragic story, Cheryl offers hope to those who struggle with alcohol and drug abuse with a resounding message of get the help you need and your addiction hurts those who love you

Beautiful, raw, real, and devastating story of a mom and her journey with her daughters addiction. I read the book in under 24 hours. I couldn't put it down. A book to definitely share with those who are struggling with addiction or for a loved one that may feel alone when dealing with an addict.

A beautiful book of love and how far that love stretches, even through addiction and hurt and beyond. There is nothing that can break the bond between a mother and her child. I recommend this book very highly as I have experienced the emotional roller coaster that addiction has on a family and on relationships and on a mother's love for her addicted child! This book helped me to realize I am not alone in this journey and there is hope for better days even through tragedy! Never give up hope!

thank you for sharing your heart, may God bless you and your efforts to touch the under world no one wants to talk about.

Beautifully written. The pain and devastation caused by addiction is very ugly and overwhelming.

The author tells a very compelling story and from the deepest depths of sadness a shining ray of hope was found. Thank you for sharing this tragic story, I pray that it helps a great many people so that Misty's life and experiences can have a positive impact.

Amazing read ... from start to finish ... the sincerity of this mother's heart is true and her desire to share with others a hope and determination to save another from this pain is priority ...
