Eidos is one of the world's leading developers and publishers of entertainment software - through the innovation, creation and development of original content - with a quality portfolio of game titles for PC, PlayStation, GameCube, Xbox and N-Gage. Eidos is the largest video games developer and publisher in the UK. We have publishing operations across Europe (France, Germany, Spain, UK) and in the US, Japan and Australia. We also have significant development studio expertise, both internal and external, in Europe and the US. Mastiff LLC is a publisher of interactive entertainment with offices in Tokyo, San Francisco and Los Angeles. Please see www.mastiff-games.com for more information.

I love minecraft, and I decided to buy this for my girlfriend's little cousin who is 7 years old. He never really had an understanding of how to play or what to do or how to do it. With this book he basically can do anything he wants and it helps him find ways to do stuff that isn't in the book. Pulling out a physical book, to me, is always more helpful than looking online. Also, since he's just 7, it's a nice way for him to learn how to use a glossary and learn how to locate specific things, which I think could be useful for him later on.

Purchased for my eight year old boy. Loves it. His older brother 11 and him were reading it together and said there is alot more information in this book then they've seen anywhere. Very detailed, thick and alot of great info.

must have to be able to play this game without getting frustrated by not knowing how to get things done in the game!

This was for my son, who loves Minecraft. He loves this book, and refers to it often!

great book, everything my son needed for his Minecraft class

Wonderful condition.

Seemed to have all I need and was looking for.

Great
