# Dark Canyon

## Synopsis

When Gaylord Riley walked away from the Coburn gang, he had money and a dream. He worked hard and built a cabin, gathered a herd of cattle, and fell in love with Marie Shattuck. But when he is confronted with false accusations of rustling and murder, Riley is forced to defend his new law-abiding way of life. Outnumbered and facing a lynching party, Riley is surprised when his old friends return to lend him a hand. But how can they help him and keep themselves out of jail? With the local marshal already suspicious of Riley, the Coburn gang will have to plan well and move fast. But that shouldn't be a problem. Their reputation was built by doing just that.

## Customer Reviews

Gaylord Riley once rode with the notorious Coburn gang. He did what he had to do, and was handy with a gun, but the outlaw life led nowhere, and the young man from Texas knew his luck was bound to run out. So he headed for the rugged land near Dark Canyon, determined to set up a ranch and settle down--only to find himself in the middle of a deadly feud between an arrogant cattleman and a ruthless saloonkeeper. And when Riley's outlaw past came back to haunt him, it was only a question of who would kill him first: the cattleman, the saloonkeeper, the local sheriff, or a mob of hotheaded ranchers spoiling for justice at the end of a rope. --This text refers to an out of print or unavailable edition of this title.

Louis L'Amour is undoubtedly the bestselling frontier novelist of all time. He is the only American-born author in history to receive both the Presidential Medal of Freedom, and the

Congressional Gold Medal in honor of his life's work. He has published ninety novels; twenty-seven short-story collections; two works of nonfiction; a memoir, *Education of a Wandering Man*; and a volume of poetry, *Smoke from This Altar*. There are more than 300 million copies of his books in print worldwide. From the Paperback edition.

The Best of the L'Amour novels. I have read most of them and find the short stories superior to the longer works. This novel however does not fall into the same quicksand that some of the others do, *Key Lock Man* for example. The story moves fast and there are not a lot of superfluous bordering on supernatural events thrown in to increase the number of pages. I think many LL novels suffer from such padding, but that does not happen with *Dark Canyon*. Very well organized and believable. Excellent all the way around.

Louis L'Amour is a good writer, who's books are predictable and fun to read. If you want unexpected plot twists and bad guys to be heros pick another author.

Real good story cd

I liked it because I can always depend on the quality of each story with a lot of action and a most happy ending

Another really good yarn, easy reading, enjoyable book

There's no one who can touch his storytelling style. After discovering Mr L'Amour all other efforts at the western just didn't measure up! Straightforward writing that makes you a part or at least a first hand observer of the story. Wish there were more like him to bring our nations past into perspective.

Story was great but a little on the expensive side for the amount of hours on a CD.

Like all of L'Amour's western books, this one is extremely good. Recommended for all western action readers.
