Unleashed: How To Receive Everything The Holy Spirit Wants To Give You

Synopsis

Sonja Corbitt was an evangelical Baptist before she converted to Catholicism. In *Unleashed*, she shares her passion for the scriptures by weaving the Word of God with her own experiences to show readers how the Holy Spirit flows through their lives in relationships, prayer, and even in times of suffering. Sonja Corbitt's passionate faith and natural storytelling ability combine to create a refreshing message of how God, in his continual pursuit of us, speaks to us through the positive and painful circumstances of life, relationships, and his Word. In *Unleashed*, Corbitt testifies that prayerful and regular study of the scriptures is the key to hear the voice of God, to see the Holy Spirit at work even in times of suffering, and to receive all the graces God wants to give. Corbitt has been captivating Catholic women across the country with her message about God and his desire to know them in a deep and personal way. Endorsed by her bishop as a "credit to her faith," Corbitt inspires Catholics everywhere to engage with the scriptures with renewed vigor and energy.

I didn't know what to expect with this book, because the subtitle sets the bar pretty high: "How to Receive Everything the Holy Spirit Wants to Give You". I've read too many books for moms/women that are just the author's personal journey, glorified with a pretty cover and a few bits of advice. I'm

not into those. I don't need to know all the details about someone's painful or dramatic past. I was pleasantly surprised that this book is not superficial and goes to the heart of the matter: how to really grow spiritually. It basically will benefit anyone who wants to grow spiritually or jump-start their spiritual life. Sonja doesn't focus on her own experience, rather uses short anecdotes from her past to help the reader understand something. She gives simple, clear guidelines that are guaranteed to help you grow spiritually, because she is basically walking you through how to open yourself up to the Holy Spirit and begin hearing his voice - and it's guaranteed, because the Holy Spirit is never going to let you down in this department! He WANTS to work in your life, but most of us, are too busy, or too afraid, to let him. Read this book and see your life in a new light and then watch it change - as the Holy Spirit gets to work!

I believe speaking from a women's view we all struggle make bad decision cover up our flaws or mistakes . Some of us just lock it up roll away the pain and cover it up good with pretty clothes , house ... When I first herd Sonja speake @ a conference her words pierced my heart at times I thought it was for me and I am sure every women there felt the same way. Sonja once said " God never waste one thing that's happens to you not one" she is right he never does . We all can relate to her in one way or another . This book from the introduction through the end I could not put it down with out crying through each chapter . She takes your hand and holds it on gently and is saying it's ok I understand your pain I have been there and I am hear to help give you hope that if God could change me he can do it for you . If you believe it's that simple , this book is rich with nuggets each step,of the way . I have always done bible studies but I have never encounter one like her's it's truly life changing and if it doesn't change your life it will changed they way you read and study scripture forever .I am so bless not only buy this book but for having the opportunity to meet Sonja Colbitt sharing my heart with her she has away of saying it's going to get better ;listen Lord that deep whispering your heart and cling on too faith like never before then just sit back rest and look for the signs . God is always speaking to us however we sometimes become Martha and stay stuck in the past thinking if only . We can't let go but we must wake up and see our self our patterns why this happen to me ? Just stop looking at your past it's gone look at the now ...and start looking at your habits your patterns Have any of us ever stop,too think about this I know I never had ? other than that's what I do every Monday?You will not be disappointed reading this book because if you have not struggle has hard as other women have & wounder why can't they just get over it ? I promise this will make you a better person you will be able to understand why some women can't get over it so fast .My prayer is that for every women who reads this book will come out a better person and for

each women who doesn't know how to make it through another day this will make you strong and set you free. Sonja is funny and has her own style on teaching with so much depth . I also purchased a study from her The Soul,God Dwelling place " great study book for catholic & non catholic You can also hear her radio @ pursumingthesummit.com. I hope this review will help you in making a decision in purchasing her book and by the way you don't have to be Catholic to read it because it's all about Jesus and that's all you need is his love

I have not only read the book but had the opportunity of hearing her at our church and getting it autographed. This evangelista is on fire and using all the gifts God has given her to help others....isn't that what life is about?? I am a huge fan and all of our church groups have read this book and been completely inspired. We are planning to have her back to speak for yet a 3rd time. She definitely has a message to share with us.

This booked helped me unleash so many parts of me of me that I swept away. Now I can grow closer to God and my family. Think you Holy Spirit. Thank you Sonja.

The women of our parish used this book for a 6 week group study. We were all in agreement that the conversations it stirred were very beneficial to us spiritually. We highly recommend it to other women, young and old, who want to learn and grow together! Sonja Corbitt has a wonderful way of sharing her personal and scriptural lessons on self-awareness. The experiences she writes of are easily readable and filled with spiritual wisdom for anyone to practice.

Great book my wife loves it...

This book is a God send. Sonja is amazing and has a very down to earth way of giving us the information we need to cleanse our souls, if you're ready to do so. I recommend this very highly. I love it.

Excellent read for those who are looking for wisdom and understanding in their daily lives. Sonja weaves a realistic, honest and scriptural approach to understanding our behaviors and circumstances, and gives us the tools and permission to humble, own and seek change to better our lives, and relationships.
