Monuments And Memorials Of Washington, D.C.

Synopsis

Washington, D.C. has monuments and memorials to great American events and people in its traffic circles, parks, the famous Mall, and Arlington National Cemetery. Over 500 color photos display and provide locations for each famous monument, including the Adams Memorial, Albert Einstein, Benjamin Franklin, Iwo Jima, Lincoln Memorial, and more.

Customer Reviews

Allan M. Heller is a poet and short fiction writer who lives in Hatboro, Pennsylvania. --This text refers to an alternate Paperback edition.

An invaluable reference document. I am not a registered guide however I am often asked to take family and friends around the city. This book has made that task so much easier. I was a little disappointed with the physical quality of the printing, a few pictures were distorted and wrinkled.

DC is the one and only city on earth I can go and visit and tour and never find out there is "nothing else to see and learn." This book provides a lot of ideas as to what to see and where it's located.

Thought it would be a bigger book.

I wanted information on Washington and this is a book that has delivered. I only wish it was a large picture book, then I would have enjoyed it more. It has many pictures, good maps and much

information, but as I said it would have been GREAT as a large picture book.
