The Life Of David (Two Volumes In One)

Synopsis

The life of David marked an important epoch in the unfolding of God's purpose and plan of redemption. Here a little and there a little God made known the grand goal toward which all His dealings tended. At sundry times and in divers manners God spake in times past. In various ways and by different means was the way prepared for the coming of Christ. The work of redemption, with respect to its chief design, is carried on from the fall of man to the end of the world by successive acts and dispensations in different ages, but all forming part of one great whole, and all leading to the one appointed and glorious climax.

This book is packed with life lessons! Every chapter will help you live before God's eyes alone.

A.W.'s insight is deep and very practical. If you want to better understand David's life from a spiritual perspective give this a read. If you want to grow in your relationship with God, give this book a read. Make sure to not be in a rush when reading, as there is much to gleam from each chapter.

A.W. Pink is outstanding in all his works especially in this one. He has a gift of tremendous insight into The Life of David from Start to Finish. This is a must for any student of the Scripture, Brother Pink can be a bit hard to understand at times but there is a blessing guaranteed in his works. He was a man rejected of his generation, dies a poor man in a small rented apartment but His Works have stood the test of time in fact he is more popular now than he was in life.

My husband loves studying this as a Bible study.

love it

Good book for expanding the range of thought and study. I like the breaks in the narrative and some of the authors commentary. Although I didn't agree with some perspectives, it posed little impact on the read overall.

Arthur Pink has given a detailed account of David's life and his relationship with the Lord. He is honest about David's strengths and his weaknesses as he grows in his understanding of the God he loves and serves. There is excellent application to our lives today as we consider our walk with the Lord and our understanding of God and how he deals with us.

This a book for Christians to read and heed. There is much practical teaching as well as admonitions against error in Christian teachings prevalent today. Pink draws from the life of David many meanings that are easily overlooked or scoffed at today. Pink was a gifted commentator on many books and doctrines of the Bible.

Great study of David, shows how holy God is,How merciful he is, and how a man after GodsOwn heart was still chastened for his sinsAnd accepted it.
