Starts with VERY easy pieces and progresses to more and more difficult pieces. If you use Smart Music, this book is included in their library, so you can play along with it as well as playing the accompaniment. I'm only a little way through the book and the pieces haven't been very interesting, yet, but I suspect that will change as I attempt the more difficult pieces.

I love using this book for kids in their first 3-4 years of playing the flute.

This book includes piano accompaniment which is great for lessons. My daughters flute teacher recommended and it has been a nice addition to her playing.

One of my favorite solo books to give my flute students!

Came as expected and described

Great book for those learning the flute, which I am doing now. Good job with sending and filling order, am working on the music every day.M.Lawson

On time arrival....perfect.
