# Whispering Hope (Keystone Stables)

## Synopsis

"A wild horse and an angry young woman. Is there a secret to taming them both? Wanda Stallord is a wild, nasty handful when she first comes to Keystone Stables, and Skye is put off by the teenager's grungy clothes and thirst for trouble. The former gang member is a lot like Keystone's other recent arrival, a beautiful but uncontrollable Mustang called Rebel. Skye wants to help Wanda, but she seems interested only in shooting pool and handing out insults. But as she practices the gentle art of horse whispering with Rebel, Skye discovers a key that just might open up for Wanda's fearful, lonely heart to the healing power of God's love."

Our daughter has a new found love for reading after purchasing this series. She has such a love for horses, that she was captivated. We went from fighting to get her to pick up a book, to having difficulty getting her to putting them away. She'd read in the tub, read in the hammock, read at the table, read instead of watching TV, read in the class room (more than she should) ... this was a totally new child. Honestly, this series was an answer to prayer. We are thankful for the Christian back ground in these books. Our daughter would come to us upset, wanting to know why God would allow certain things (based on what she just read), which in turn sparked beautiful conversation (I'm referencing all books in this series for this review, I cannot recall which exact books make her cry). As soon as she was half way through the first book, she was encouraging me to hurry and order the second one. She was going through them so quickly, I finally got smart and ordered the enter series. She is now near the end of the last book and is already BEGGING me to find more books like this. I promise you will not be disappointed with this author or these story lines.

Gift for my Granddaughter. She loved it. On time shipment

This series is the best!!! Some of the verses that they have on there helped me personally and the stories are the best!!!! I have 2 more books to read and i love them all so far!!! I read 2 books a day!!! Once you start reading them you can't put them down!

Another one of the Keystone Stables books. Granddaughter loves these and will read any of them she can get her hands on

If your daughter loves to read and also loves horses these would be great books for her. My daughter is an avid reader and really enjoys this set. She has asked for all of them!

Excellent books.

wonderful books.

I love it! I think it's a good book that everyone should read and learn about God. It's a very good book.
