I had a young relative on the verge of entering a Catholic high school. He was a bit apprehensive about taking the test in order to enter the school. When I gave him this book, and he read through it, he had a much better understanding of the curriculum. He later took the test, passed it, and entered the Catholic high school.

What can I say...this is the version of the book you need if you want to prep for the Catholic High School Exams. It is a great prep book.

This book is great for practicing for the entrance exam My son was accepted into all of the schools he chose.

A great book with a lot of useful information. A must have if you want to prepare your child for his/her entrance exam.

this book is working out for me so far. it has its own chapters of test anxiety and how to overcome

your fears. also a study plan. here's a fact for those of you entering a catholic high school. if you dont have a study plan you will fail your test. i have'nt taken my test yet.so wish me luck
