Customer Reviews

This is a great book to have on hand if your child is serious about violin playing. Making true music means interacting with other musicians and when you need to have a live piano accompaniment, this book is the perfect resource to give to your pianist. It has really propelled our son to become a serious violinist and the local piano teacher was glad we could offer the proper music for our son's violin lesson support.

I'm so glad to have this for accompanying my granddaughter. I'm slow at accompanying, and MOST of the accompaniments are fairly easy to master, though there are some un-pianistic passages that I've had to alter.

I bought this for my grandson and he plays accompaniment for his brothers and sisters. It is really nice to hear!

I enjoy Suzuki and am glad to have this accompaniment book

Wonderful! Everything was perfect and in great condition and arrived when said! I am super happy with everything! Thank you

My wife used these to learn violin. She loves them.

Excellent!

Finally, a simplified Becker Gavotte accompaniment. I bought the whole book just for that. It helps a great deal. Thanks.
