De La Cabeza A Los Pies: Head To Toe (Spanish Edition)

Synopsis

¿Puedo hacerlo! es el mensaje alentador que transmite a los niños este divertido libro interactivo ilustrado. Una diversidad de animales conocidos, representados a través de collages llenos de color, invita a los pequeños a imitar sus travesuras moviendo la cabeza y las caderas, dando palmadas y golpes en el suelo o simplemente moviendo los dedos del pie. Los movimientos sugeridos en este libro han sido cuidadosamente escogidos de manera que sirvan como ejercicios para cada una de las partes del cuerpo. Mientras juegan, los niños adquieren destrezas importantes como escuchar con cuidado, concentrarse, comprender la palabra hablada, seguir instrucciones, aceptar retos y controlar los movimientos de sus cuerpos. Las risas de placer no dejarán de oírse mientras los niños (y los mayores también!) participan en el juego. "La alegría y el placer de aprender y de crecer siempre son parte de los libros de Eric Carle. De la cabeza a los pies no es una excepción, pero quizá sea excepcional por el hecho de que insta a los niños a 'moverse' literalmente a medida que leen el libro. Ahora, además de escuchar, imaginar, descubrir, sentir y pensar, los niños pueden ser parte de la acción. Es como si Eric Carle dijera a su manera, 'Ven a jugar conmigo'".

Book Information

Hardcover: 32 pages

Publisher: HarperCollins Español (February 18, 2003)

Language: Spanish

ISBN-10: 0060513020

ISBN-13: 978-0060513023

Text: Spanish (translation) Original Language: English

Eric Carle is the creator of more than seventy picture books for young readers. Eric Carle was born in New York, USA. However, when he was just six, he moved with his parents to Germany. In 1952, after graduating from the prestigious Akademie der Bildenden K nste in Stuttgart, he fulfilled his dream of returning to New York. Eric Carle has received many distinguished awards and honours for his work, including, in 2003, the Laura Ingalls Wilder Award for his lifetime contribution to children's literature and illustration. In 2002, fifty years after Carle's return to the United States, The Eric Carle Museum of Picture Book Art was opened in Amherst, Massachusetts. Here visitors of all ages can enjoy, in addition to Eric Carle's work, original artwork by other distinguished children's book illustrators from around the world. Eric Carle es el creador de m s de setenta libros ilustrados para ni os. Naci  en Syracuse, Nueva York, pero a los seis a os de edad se traslad  con sus padres a Alemania. En 1952, tras graduarse de la prestigiosa Akademie der Bildenden K nste de Stuttgart, logr  cumplir su sue o de regresar a Nueva York. Ha recibido muchos e importantes premios y distinciones, entre ellos el Laura Ingalls Wilder Award en 2003, por su aportaci n global a la literatura y a la ilustraci n infantil. En 2002, cincuenta a os despu s de su regreso a los Estados Unidos, se inaugur  en Amherst, Massachusetts, el Museo Eric Carle de Libros Ilustrados, donde se exhibe, adem s de la obra completa de Eric Carle, un buen n mero de originales de los m s destacados ilustradores de libros infantiles del mundo entero. Our 13 month old loves this book:* The translation is good. The book is about a series of movements from head to toe, each paired with an animal. The first movement is the head, side to side, paired with a penguin. That's 2 nouns and a verb* Reading out loud and showing the baby the movement is fun. She is beginning to imitate the movements. She enjoys books that incorporate movement or sound-making* Large size, easy to read. We love large size books since they are easier to read and to be delighted by the illustrations. The first time, it was a bit difficult to set up flat on a book stand, but now we stand in front of it to read it and move to the book's instructions* Unfortunately, it is not our preferred format (lap-sized boardbook), this version is PAPERBACK. So we are careful. Since the baby loves this book so much, it has a few creases

I bought this book for my 3.5 old brother at the time and he absolutely loved it and still does!! I bought it last year and we still read it all the time at bed time. My brother is growing up bilingual, so I'm always concerned in adding things in Spanish daily since everything that he is normally surrounded by is in English. I'm also concerned about the content since not all books that are sold in Spanish are grammatically correct, but this one happens to be. It teaches children the parts of the body and what they can do, while at the same time teaching them different animals in Spanish and also asking them to imitate. Ex: Soy un gorila y golpeo mi pecho. Puedes hacerlo tu también?.. I am a gorilla and I can pound my chest, can you do it as well?. I think it is really cute and love the vivid colors in the drawings. I most definitely highly recommend this book!!!!

My son loves this book. He loves doing all the things the animals do. However, it is a very big book and it's not a board book. So the pages are very difficult for my toddler to turn. Plus we had to actually keep the book away from him for awhile because he wants to tear the pages. Only recently he learned to not tear the pages in books, but I still have to supervise him with this book because he can rip the pages accidentally since it's so big and awkward for him to manage. I wish I would have noticed it wasn't a board book when I bought it. That said, my son does love love love having this book read to him.

Seriously, I love him. This book helps teach body parts and animals. Do the actions as you read! My 2y/o thinks I'm crazy, and he mostly only raises his shoulders like the buffalo, but he thinks it's hilarious and makes me read the book a lot. We also have the book in English, and I was very happy to find the book in both languages. My son has both Spanish and American family, and is being raised bilingual. I love that I have books like these that I can read in English and then in Spanish to help me understand the Spanish.

Kids will love this book, just be prepared as the reader that you will not be able to just sit on the couch and read this book, you will have to get moving! I also love the size of this particular version that I bought (big). / Muy lindo cuento. Incluye muchos movimientos que les va a gustar a los niños. ¡Prepárese para moverse mucho!

So glad we found these in Spanish. Was baby's favorite illustrations in English now this opens up a whole new world.

I really like the simplicity of this book. It allows me to read simple Spanish, simple concepts to my three year old who has just recently started trying to read it herself. Funny, we are a multi lingual household but are severely lacking in Spanish! This book makes us feel like we can really learn and practice (as a supplement to other ways).

One of my favorite books to read my munchkin at bed time. We love all Eric Carle books and this one is no exception. Great illustrations and easy to follow along. She loves to do what each animal can do.
