Boer Goats As Pets. Boer Goats: Facts And Information. Raising, Breeding, Housing, Milking, Training, Diet, Daily Care And Health All Included.

Synopsis

Boer Goats as Pets. Boer Goats: facts and information. Raising, breeding, housing, milking, training, diet, daily care and health all included. Growing up with animals, I have learnt so much about taking care of them. The most amazing thing about pets is the fact that they are so unconditional and so grateful for every small act of kindness. It is rather humbling to see how warm hearted animals can actually be. I would have never had the wonderful opportunity of dealing with goats and other animals, if it had not been for my family, especially my father. Animals were the centre of all our activities when I grew up. There was not a single day that did not begin with a discussion about our pets. What to feed them? What is the most nutritious thing to feed them? These were common dinner table conversations in our house. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Today, I am in a very privileged place where I can share this information with pet lovers across the globe. I love my boer goats. They make me laugh every day: their silly attitude, their "smile", the great times we have when I practice their training. They are, in my opinion, seriously amusing animals. Not to mention the tasteful milk I enjoy from them. In this book, I've explained my experience with my boer goats. I've included all these topics and more: raising, keeping, costs, milking, bonding, training, play and enrichment, food, care, health and where to buy. I explain all aspects of keeping boer goats to make sure that your boer goats will be as happy as mine! Mine are funny, I hope yours will be funny too!

Book Information

Paperback: 134 pages

Publisher: IMB Publishing (May 2, 2014)

Language: English

ISBN-10: 1909151424

ISBN-13: 978-1909151420

Product Dimensions: 6 x 0.3 x 9 inches

Shipping Weight: 10.6 ounces (View shipping rates and policies)

Customer Reviews

basic goat information, if you have owned a goat in the past you do not need to read this book. also, the author writes in more of a united kingdom perspective siting rules/regulation and details related to a person living in the united kingdom.

Great book. My daughter keeps pestering me to get goats as she thinks they are "cute". I bought this book on Boer Goats and it explain everything very well. Now I just have to remember it all and teach my daughter how to take care of her goats.

If you are like me, a beginner's goat keeper, this book will give you a lot of information. I've enjoyed reading it.
