Crowdfunding For K12 Education: A Guide For Teachers, Parents And Children: How To Raise Money For Your Project, Classroom, Field Trip, Sport Team Or A Club

Synopsis

This is a short guide for those who are interested in raising funds for their school projects in the world of the Internet and social media. You can easily go through it during your lunch break. But if you are seriously considering launching a crowdfunding campaign, there is a lot of links to additional resources which will help you find the best platform, organize your team and create an effective marketing plan. Good luck!

Customer Reviews

getting support through funding of any new project can seem tough but this book will give you step by step tricks to get the amount you need for your new venture.

I've known Elena from her many helpful articles on my blog about crowdfunding. She's been helpful in the past, but she really delivered with this ebook! There are lots of great actionable tips, resources, and content. Personally, I like her thoughts on how to engage a community, new donors,

and givers. I think it also sets some realistic expectations for raising money for education or school-related costs.
