My 1yo grandson really likes this book. It combines two of his favorite things: a board book and wheels. I like that it entertains him without being noisy so we can take it to church.

the book was in excellent shape, shipping was right on time for Christmas, the little boy loves the book and has his mother read it to him several times a day. thanks.

This is so cute - my 2 yo great nephew loves John Deere!

My 12 month old son loves this book. He likes rolling it across the floor as a tractor, playing with the wheels, and reading it as well.

I REALLY liked this book-and more to the point so did my grandson, who is fascinated by wheels It was new and as described. fast shipping

My grandson is a John Deere lover so this book was just right for his age ...Book is colorful and fun to read
