You Gotta Be Kidding! The Crazy Book Of "Would You Rather" Questions

Synopsis

Why should grown-ups have all the fun? From the author of *Zobmondo!!*, the adult party book of outrageous choices, comes *You Gotta Be Kidding!* Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter with nothing to drink? The exponentially icky: Would you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what's dangerously filthy and what's just gross, why we blush when we're embarrassed—that will help kids make their choice.

I make my living as a substitute teacher. I use this book at the end of day as a reward for good behavior--I'll announce a scenario from the book and have the kids either raise their hands for their choice, or go to a side of a room depending on what their answer would be. Kids from K-7 love it and always ask me if I brought the "Would you rather book" when I come. There are milder choices for the younger kids, and absolute gross out choices for the older ones to pick

My 7 yr old son loves this book. And loved reading the whole thing aloud to me, and for a kid who hates reading, that was worth it for me right there. lol. We would sometimes debate which thing we would choose. There are some gross ones, so often we were saying "ewww, neither!" But it wasn't too gross that I didn't want him reading it. It is very good for this age. I would say age range would be 7 to teens.

Fun book. We bought this for our third grader who likes to ask her own "Would you rather..." types of questions. She was tickled to get a book full of new ones she could ask us. We took it with us on a 16-hour road trip and used it throughout the drive when the kids were starting to fight or get bored, OR when we were sitting in awful traffic and the adults needed to lighten up. Perfect diversion.

Bought for road trip. It's really silly and not very interesting.

One of my 11 year old's favorite Christmas presents.

This box is really hard to come by at our local bookstore. I ordered for my second grader as she saw it in school. The book is small (about 4-6inches) but very thick. It has given her hours of

entertainment already.

If I could give 0 stars, I would. I bought this book after seeing some of the scenarios on a Denny's kids menu. We had fun with those, so I figured the book would be more of the same. I was wrong. I had to skip over 90% of them because they were just plain disgusting. I wouldn't even recommend this for older kids. It's not "fun" at all. Very disappointed.

Excellent book for the kids!
