Synopsis

Are you an amateur photographer or someone who wishes to turn a hobby into a professional career? Perhaps, you have studied and earned a degree in photography, but you have yet to find a job that allows you to make a full time income? If this sounds like you, then you have found the right book to help you generate income from your photography skills. What galleries and professional photographers want is to see an established portfolio and online presence. They want to know you are capable of gaining attention from your target audience. Things have also changed in the industry, where anyone can start to publish their work online and make a little income from it. Your goal to make a full time income is admirable and possible, even if there is someone with better artistic skills. Selling any product is about marketing. If you truly want to generate income, then you need a marketing tactic that will get you noticed, have a good call to action, and ensure that you can make the sale final. Think of your photography business as needing to make sales, which means you need people, and people want truth in advertising, with an interesting gimmick that gets their attention. It doesn't matter if the product or service is brand name, when you have a decent product or service to sell. In this book, you are going to learn about the top ways you can earn money full time with your photography skills. You will also learn the following: What to sell How to market your products Tips to ensure sales Mistakes to avoid And much, much more! You will also be given different ways to look at the methods of selling your photography, with benefits and disadvantages highlighted to help you determine the best method to start your business.

Customer Reviews

There is just so much to photography, it's actually really hard to just do everything right the first time and I found that this book helped a ton because it showed the fundamentals to photography. It showed me what I really needed as I start out, what's important to have and what isn't really that important to have starting out. The author also talks about building the business around photography, how to market yourself, and get people to pay you for what you're worth. Great beginners guide to start making money with your hobby as a photographer.

Being a photography hobbyist, I have often wondered if I could make a little money on the side from my pictures. This book has shown me how I can earn a few bucks on the side, with little additional financial output on my end with the equipment I already have. Without the guidance from this book, I don't think I would have known where to start, but this is an easy to follow guide. If you enjoy photography, and want to make money doing something you enjoy, give this book a read.

This book changed the trajectory of my entire business. I never thought it was possible to make so many changes in just a matter of weeks. I read this book, it provided tricks and tips. I would recommend this book to every photographer who is engaging in online photography. I am now offering more to my clients than ever before.

This book is the ultimate photography guide book for everyone who wants to learn how to achieve professional quality image. I found this book is really valuable, it's well written with helpful photos, and the book walks you through everything you need to know about making professional images. I've learned a lot from this book, especially the chapters on Compositional rules and Tricks helped me to understand how I can capture the beautiful moments and to shoot better images with my new camera.

This book made me think really hard about my current business model. There are so many options in photography or any field you pursue. I have been contemplating making a Wordpress website, learning SEO, and trying to find new ways to sell my work. You will find several business ideas to generate sales and further your photography hopes here. It's a good start.

This book made me think really hard about my current business model. There are so many options in photography or any field you pursue. There are amazing techniques given to take basic to

advanced photographs. Photography is my hobby. There are amazing tips for making money here in this book. Great book for make money online for a photographer.

A perfect book that hits my interest! What I love about this book is that, it really explains and discusses the fundamental facts of photography. For a newbie like me, this book is very beneficial. I've been reading online to some related articles on photography and this one is the best so far. Write more books like this, author!

A short but well informative book about photography. This is a complete guide and a good reference for beginners and for those who want to start online photography. All the things you need to do to start the businessÃfÂ¢Ã¢âÃ¢ a very helpful guideline. A good idea in turning your hobby into profit. Worth reading and recommendable!
