Coping With Natural Disasters

Synopsis

When loss or illness strikes a family, young people don't always have the experience to help them cope. These six new titles can help teens find the strength and the resources to help them get through even the toughest situations. This title provides up-to-date and well-researched information on how to deal with major natural disasters such as hurricanes, tornadoes, tsunamis, forest fires, and ice storms. Included are helpful and extensive checklists for disaster prevention, guidelines for what to do post-disaster, and a wealth of proven coping techniques. The author also describes some of the more famous natural disasters that have occurred.
