The Stellar Story Of Space Travel (History Of Fun Stuff)

Synopsis

Blast off into a galaxy full of fun with this fact-tastic nonfiction Level 3 Ready-to-Read, part of a series about the history of fun stuff! Did you know that ancient people all over the world looked at the stars and saw constellations? Or that a science fiction author named Jules Verne predicted the first moon landing? Or that astronauts from different countries take turns living on board the International Space Station? Houston, youâ™re cleared for takeoff and ready to become a History of Fun Stuff Expert on space travel! Amaze your friends with all youâ™ve learned in this fun, fact-filled Level 3 Ready-to-Read! A special section at the back of the book includes Common Coreâ™ vetted extras on subjects like science, social studies, and math, and thereâ™s even a fun quiz so readers can test themselves to see what theyâ™ve learned! Learning history has never been so much fun!

Customer Reviews

Patricia Lakin, a former elementary school teacher and an award-winning author, has written more than fifty published works. Her books, both fiction and nonfiction, span multiple age groupsâ™ from toddlers to middle graders. Patricia lives in New York City with her husband, Lee Koenigsberg. They have two grown sons, Aaron and Benjahmin. When not reading, writing, or researching, she can be found traveling with Lee to far-off places in the world. Scott Burroughs started his career at Disney

and has illustrated everything from children's books to advertisements and editorials. He is also the published author of several children's books. He lives in Denver, Colorado, with his wife and sons.

Easy reader! Full of great info. My young readers always feel so accomplished when they finish one of these books. My goal is to collect the whole set.
