Piano And Keyboard All-in-One For Dummies

Synopsis

The go-to reference for aspiring pianists and keyboard players *Piano & Keyboard All-in-One For Dummies* makes it easier and more fun than ever to make music! If you don't know how to read music, this book explains in friendly, uncomplicated language all the basics of music theory, and applies it to playing the piano and keyboard. And if you've been playing for awhile—or took lessons when you were a child but haven't played since—you can pick up some valuable tips to improve your playing, or use the book as a refresher course. This indispensable resource combines the best of For Dummies books, including *Piano For Dummies*, *Keyboard For Dummies*, *Music Theory For Dummies*, and *Piano Exercises For Dummies* to get you up and running in no time. The handy reference helps you to master the traditional black-and-white keys and gives you an understanding of the possibilities that unfold when those black-and-whites are connected to state-of-the-art music technology. Discover the secrets for becoming a master on the piano and keyboard Improve your skills with a wealth of easy-to-apply piano exercises Tap into your creativity and get the lowdown on composing an original song Find out how to use keyboards anywhere using external speakers, amps, home stereos, computers, and tablets Dive right in! This comprehensive book offers the most complete learning experience for aspiring pianists, keyboard enthusiasts, and students of music.

Bought for senior father self teaching. He seems to enjoy

This book has taught me the basics and much more. With a good interactive program and this book there is no need for expensive piano lessons. I have saved myself well over \$1.000 in piano lessons.

This doesn't cover really in depth chords and other things but there is MORE than enough info u this book. Great product has really helped me get a grip on theory and has increased my knowledge of piano significantly.

It has really helped with my understanding of theory. So easy to use, it's great!

Practice is easier with this book's graphics

this book was great for beginners. easy to understand.

I have a keyboard and played when I was little. This was the perfect book to get me back to music and remind me how natural and fun playing the piano can be!

Very useful, helpful and interesting book for those who has no musical education!
