Wonderful Calendar, lovely photographs of amazing looking fresh fruit and veggies, It will look great up in my provision room starting January 1st. For about 12 years I've been using the Edible Calendar with foodie photographs by Robert Kaufman, but he's not doing calendars any longer starting with 2017, this looks like a fine replacement with very special photographs/

Lots of helpful hints and recipes. beautiful design, and colors.

This is a wonderful calendar. The photos are vibrant and I really enjoy reading the info beside them. The recipes are a thoughtful addition. I haven't tried any of them yet, but I will. This is a calendar that I would certainly buy again.

Lovely pictures, recipes and info tid bits every month. The number one reason I am a repeat purchaser of this calendar is that it includes pagan holidays (as well as many others!)

I love this calendar and I buy it every year. I love the interesting information she gives about seasonal fruits or vegetables.

Beautiful pictures, interesting tips for the garden, unusual recipes and plenty of room to write birthday reminders, etc.

Gave as a gift and she was very excited about it. Has recipes and gardening suggestions on every page.

Hubby and I get this calendar every single year - love the images, the info, and the recipes!
