Joker (Executioners Book 2)

Synopsis

Joker, what a misnomer, but Jackson Webb's friends were idiots. He'd joined Executioners almost three years earlier after the lead singer King caught him playing his guitar behind his garage. It broke up the monotony of his life, but once he got bored, he'd move on to another distraction. He wasn't nice. He sure as hell wasn't friendly. He was what he was, his friends handled his attitude and standoffish nature just fine. At thirty-eight he was pretty sure he was too stuck in his ways to change shit now. Demetri "Dem" Urban was settling into a new life in the middle of nowhere. Okay, he was hiding from everyone in a kitchen as far removed from his five-star kitchen back in New York as he could get. Gideon invited him to stay with him and his wife for a while just until he could get everything back on track. He didn't see it happening, but he had to admit the scenery wasn't bad even if the man had the personality of a rabid, man-eating bear. Dem did like a challenge and that fit Joker Webb perfectly. Author's Note: This story contains scenes of a violent nature, mentions of rape and torture (All off page from characters pasts) and severe abuse. If you, as a reader, find this objectionable or triggering in any way, you can skip this story without losing the transition to the next book.

Customer Reviews

That's when I knew this book would be great! So not the word I want. I'm not good at reviews or using the right words but this book is a MUST read! I wanted to write a review at that 3rd chapter but I knew I needed to finish it. I also knew Jokers story was going to be a tear jerker, it is. Dem is exactly what smoker need to ground him and let him know that he can have what he desires. This book pulls you in and will not let you go. I cannot wait for the next one... I hope it's the twins and Pelter. If you haven't read any of the others I highly recommend it so you can see who's who but it isn't totally necessary. Ms. Denney you did it again! Loved it!

I was worried how Jackson aka Joker's story would be revealed and it was amazing! You cried at the mentions of his past while cheering for him to take that little step forward to welcome Dem in. Dem is one of those characters that you feel as if you want to hug him while pushing him to fly. The two together made for some really hot times, crying times, happy, and everything in between. Another winner!!!! now want a Killer of my own.

Jackson Webb aka Joker was a loner for the exception for a select group of friends. Joker couldn't be touch,. As a child he was tormented, traumatized and tortured . His life was miserable until a smirking cook changed it all. Demetri "Dem" Urban was a cook, with a disability that didn't limit him. He knew he was no prize. So when he set his sights on joker all bets were off he had his work cut out for him!

I laughed, cried and fell in love with both Joker and Dem. perfect opposites attract. And Joker finally got his much deserved HEA. JM Dabney is a 1-click auto buy for me. Her characters are unique, hilarious, and awesome with lots of depth. I can't wait for King and Landon's story. The Twirled/Brawler/Executioner world is fantastic and always a great read.

I'm totally in love with Jackson and Demetri!! love the strong, wounded, broken hero who everyone is afraid of, but who let's the man he's falling for get away with things no one else even dare to think about. My heart ached for Joker who had reconciled with living a life without warmth, touch or love.

The confusion he's feels when Dem shows his interest in him and his disbelief that he would want to be with him is heartbreaking. The absolute horror that Jackson has been through and Dem's physical problems makes it a bumpy road but they get the love and ending they deserve.

Book two is written well, reads easily and has you rooted until it's done. Which you don't want to end. This book shows hopes of a person for everyone even through hardships. Well worth the money spent. Another great read to the series. I'm hoping for more books and glimpses into this unique Townsville.

I loved this book!! Joker was so broken & Dem was just perfect for him. It was great watching Dem break down Jackson's walls & make him realise he was deserving of good things in his life. I haven't read a m/f book in years but I really hope Mary & Bear get their own book. I'd love to read it!!

Very good like all the other ones love this series of books. I must say though if the next book is about the twins and the sheriff then I won't buy it I like three way or two way or even four ways but siblings sharing another person then gross. But here hoping it's not going to be that would I've to read another book in this series.
