## Customer Reviews

Etsy is an amazing site to make some money with your creations, but it has grown so big that it is difficult to stand out, unless you have something truly unique. For the most people, this book will be very helpful. It has some common sense advice like building a brand and finding your market, but there are some really useful like dealing with keywords and improving your place in search results. There is much more to Etsy than just making something cool and putting it on sale. Everyone should have at least some basic skills on how to improve their chances and be more successful and this book offers precisely that.

This is the excellent nice publication for anyone seeking to begin a business in Etsy. There are several excellent tips and easy to read. When i are engaged to acquire more information concerning the Etsy business structure and precisely what the item involves. This publication is usually geared toward the person who carries a critical business structure in your mind and is preparing to increase his or her retail outlet. Although When i appreciate your depth that the experts required to help format the importance of being encouraged and which has a obvious thought and goals in your mind. When i thought that a long time ended up being allocated to that. When i in addition located that the chapters were extended and furnished awesome thoughts as opposed to more of your "how to help. " These days I do think lots of people get a fast solution and immediately after reading most of that publication.

This book is worth the reading. Before, I was selling something online but it was sold 2 weeks later. Two weeks! It was very disappointing because I needed the money right away. After weeks, I realized that the problem was my poor description, keywords and product title for my product. When I saw this book, I thought that maybe I need a guide for selling on Etsy. Scanning through the pages was really helpful and essential for me. This book contains everything you need to know about selling. From marketing, knowing your target market and buyer, making product titles and making interesting descriptions for your product. I learned a lot of things here and I would definitely recommend this book to everyone.

This book offers expert advice for artists and entrepreneurs looking to build an online craft business from scratch. You'll get invaluable information on how to set up an Etsy shop, write compelling item descriptions, photograph your work, engage the Etsy community, understand fees, and find your muse when it takes a holiday. This is a very good starter book walking you through the basis of Etsy. Starts by the basic of setting up an account through running your business.

If you are not yet familiar with Etsy you need to read this book. Well this one is great because it has explained everything from the basics that you need to know about Etsy and how to manage your account and how to market your products.

Not all business knowledge lies in large business school books. The evidence of that lies in the pages of this book. The author in this book gives information on running an Etsy shop online. Setting yourself apart from the competition is the formula for winning when it comes to online

businesses. This is business knowledge of the 21 century where change is the only constant. The set up of a successful Etsy shop is just a click away, and that click is this book.

Etsy is a very good start in business. I study Etsy before but I forgot most of them now. I want to get back on Etsy and now it more. So, I researched for Etsy to study it again and luckily I saw this book. The tips and tricks in this book are not common and I am glad that they are unique. Most of the books I read about Etsy is mostly the same. With this book you can easy earn money online now. There are some typographical error or misspelled in this book.

Only few people become successful at online selling. Majority fails at the first attempt. This book helps us to get a good idea about Etsy online shop. Etsy is a fantastic venue for selling custom goods. Running an Etsy shop is just like any other online store, which means it is also just like any other method of selling. Author provides tips and tricks to market your product successfully and to differentiate it from other similar ones.
