## Customer Reviews

These maps are the only resource I use on the trip for the major cities. They have all the sights listed, areas, etc., in a very handy pocket size that pops up to expand. The lamination makes it easy to put dots on "where I am" so I can map out my sightseeing route for the day. I even use them for planning before I go...especially if I reserve a place to stay, I like to see that it is in the area I wish to be. Other maps are flimsy and hard to fold back up and carry...this one is SO SIMPLE and user friendly! It is like a condensed book without the weight and fits in my pocket!

This map was handy to have, although the small size was a bit of a disadvantage for eyes that aren't as young as they once were. Nonetheless, it came in handy and I'll recommend it to friends

who plan a trip to Scotland.

Cover is laminated so holds up to being in your pocket or purse. The map is small but easy to read and points out points of interest, but if you want a full city map, this isn't the best choice.

I get these for every city I go to. Love it.

Bit too condensed for pop-out map.

Perfect little maps for the cities.

This was a great little map and fit perfectly in my capri pants pocket. The only caveat would be that the print, obviously, is small.

Very nice map. It will come in handy on our upcoming trip. We are looking forward to using the map.
