The Successful Single Mom Series: Books 1-6: (The Successful Single Mom Series Box Set)

Synopsis

The Successful Single Mom book series is your therapist, BFF, coach and personal trainer all rolled into one. Written by a business coach and former single mom, when you read this book you'll feel like you're getting big sisterly advice from someone you've known forever. You'll feel inspired to begin your transformation and become the mom and woman you've always known you could be. The Successful Single Mom is the only book series for single moms written in a positive, can-do voice, from the coaching perspective, by an executive coach who was also a single mom. All of the books in the series provide that road map for creating the life, love, income, body, education and so much more that you really want, starting instantly, today, with the encouragement you need. The Successful Single Mom book series is your key to building a life you love, one that will increase both your happiness levels and the value you provide to your kids. Customer Reviews

Super tangible advice for single moms to reach success! I love that there is something out there that is full of abundance and resources to be a groovy single mom rather than the victim-mentality of other 'poor single mom' books. Very empowering and an easy-to-read series! A must for single moms.

Great resources

I received a copy of this set in exchange for my honest review. All thoughts are true and my own. One thing I never thought of when I became a single mom was how many moving parts I had to consider for my life to be functional. As a divorced mom of three children, our lives are busy to say the least. But there are also many important parts of managing my life that I have needed to evaluate. The Successful Single Mom Book Series does just that. Author Honoree Corder is able to give advice, suggestions, tips and valuable coaching to help a single mom move from surviving to thriving! Her tips related to education, balancing a budget, and finding love again are necessary to help any mom get her life together and accept the new normal.

I feel so refreshed reading these books! I took a step back from myself and truly found myself. I feel like I am on the right track to a better single mom me! There are simple steps that help get your feet to move forward. I found my confidence again and just went for the direction that works with me. I do recommend this series to any struggling mom.
