Customer Reviews

The world's first-ever user-generated Western Europe phrase book!

Berlitz, the expert in languages since 1878.

Excellent for when one travels to Europe a lot. We go about once a year.

Good book but it would be a lot to learn at one time. However, if you are planning to take multiple trips to various European countries over a few years, this would be the one book or first book to buy.

Should be most helpful when we travel.

Great little book. Well organized and perfect size for my purse.

Perfect size, includes every phrase you'd ever need. Huge recommendation

Very easy to learn, very practical.
