English Grammar For Students Of Italian: The Study Guide For Those Learning Italian, Third Edition (O&H Study Guides)

Synopsis

Third edition of this popular self-study guide for students of Italian. Each chapter covers a grammar point: i.e., a part of speech (noun, verb, pronoun), a word's function in a sentence (subject, direct object, indirect object), a grammatical term (tense, conjugation, gender, agreement). Each chapter is divided into two sections. 1. In English: grammar is explained as it relates to English, anticipating concepts necessary for Italian. 2. In Italian: grammar is explained as it relates to Italian, with examples and explanations of the rules applied. Points out similarities, differences, and alerts students to pitfalls. Available online: 1. Review booklet with Answer key 2. Correlation to Oggi in Italia indicating the pages to be read in preparation for each lesson. This self-study guide is part of the O&H Study Guide series for students of foreign languages. Experience has shown that students using the O&H Italian Study Guide improve their performance in Italian grammar thanks to a better understanding of English grammar. Teachers can devote more class time to developing communicative skills.

Customer Reviews

In view of its unique perspective and approach, its trenchant and effective explanations of grammatical points, its easily grasped and easily remembered rules, and its distinctively revealing diagrams and examples, it is hard to imagine a teaching situation, especially at the elementary level, to which Adorni and Primorac's English Grammar for Students of Italian would not make an

invaluable contribution. --*Italica*The conceptual and visual presentation of the material is simple and clear. There are numerous diagrams and charts. Although grammar points are isolated for the sake of presentation, there are many cross-references to related terms, as well as a detailed index.

--*Modern Language Journal*Throughout the book, the use of charts to summarize points presented is excellent. The authors have taken care to indicate various pitfalls that students often do not avoid . . .

Exceptionally well presented is the analysis of the English YOU and its Italian equivalents, tu, Lei, voi, Loro . . . the use of this book as a supplement to a beginners textbook of Italian is recommended.

--*Canadian Modern Language Journal*The conceptual and visual presentation of the material is simple and clear. There are numerous diagrams and charts. Although grammar points are isolated for the sake of presentation, there are many cross-references to related terms, as well as a detailed index.

--*Modern Language Journal*Throughout the book, the use of charts to summarize points presented is excellent. Exceptionally well presented is the analysis of the English YOU and its Italian equivalents, tu, Lei, voi, Loro . . . the use of this book as a supplement to a beginners textbook of Italian is recommended.

--*Canadian Modern Language Journal*Good supplement for university-level Italian; recommended by professor. 4 stars because it arrived slightly damaged.

This book provided the explanation of the English grammar first and then it explained and compared the differences of the Italian grammar. It doesn't have every rule but it gives you the basics that one learns during a full beginner's year. I found it helped me- I don't like grammar in any language which makes it more difficult to learn- this book made it easier to understand the rules.

I have learned several languages and this book did such an amazing job and easily and clearly describing the difficult concept of grammar.

a great book for anyone studying la lingua italiana

This book was not as useful as I needed it to be. Explanations are vague and material isn't conducive to learning a new language.

It is good for beginners, doesn't list all the details of things that I find confusing in the Italian

language. Although that may be intentional as its not a textbook replacement.

HELP ME A LOT WHILE IN SCHOOL.

I bought this for a class but I love it and still have it 3 years later.
