If you know Doreen Virtue's spiritual writings, teachings, videos, and oracle cards, you'll love the Magical Mermaids and Dolphin Cards. The artwork isn't quite as colorful or intense as others of her

decks that I have, but the messages are powerful and are placed directly on the cards themselves, which is nice. You can always count on quality writings from Doreen.

So beautiful. This is my first oracle deck, and I adore it. Doreen Virtue did such a lovely job creating these cards. The artwork is gorgeous, I also appreciate that all the artist's information are included in the booklet. I connected with this deck right away. I love mermaids and dolphins, love the sea in general! so looking at this deck brings my heart joy. I must say I am also happy that there are mermaids of different ethnicity/ hair color. I am excited to buy more of Doreen Virtue's amazing work :)

These are cute, fun cards. The saint and angel cards are better. I do not believe this is for serious use. I use my Tarot and sometime Saint and Angel Oracle cards for a card of the day draw. I would not do that with these cards. They are thought provoking and sweet. Very positive.

I love the imagery on the cards, and the readings seem to fit the person they are for. But these cards have a very different feel to them. And I don't know if it's because the sides are not gilded like most of my other decks but the sides of these cards are rough. The deck is very tight in shuffling which makes an already hard thing harder. The size of these cards are standard so having them tight (meaning they don't want to pull apart or move). I have had these cards a few weeks and I have worked on shuffling them over and over. I don't know if in the manufacturing of these cards who handled mine but they must have been in a horrible mood because these cards held that energy being time. Such beautiful cards shouldn't hold such nasty energy or be so hard to shuffle. The card stock is a nice weight when you hold just one card you can tell it's Doreen's standard card stock and a nice weight. and the printing is down well and is nice and clear. The images are perfect and the messages clear. over all it's a good deck but I am just having a few issues with them I am sure in time a night under some crystals and maybe a night with the full moon and they will feel better energy wise. As for the sides I will learn to deal with them.

If you love Mermaids then just get this deck! I felt drawn to it upon just finding it on here, so use what ur drawn to ,but it's fun, different and the art work is beautiful. I love this deck and use it daily for myself!

I like these cards and pull them out occasionally to do a reading.. but I find that sometimes the cards

that I pull have nothing to do with my question. I'm not sure if maybe I'm trying to interpret them too literally and need to broaden their meaning... or if the cards simply don't want to be answering my question for some reason? Sometimes the cards are right on in terms of the subject matter, but the outcome ends up being different. So I have mixed feelings about these cards... the artwork is beautiful and I love reading what each card has to say but somehow I'm not getting the insight or guidance that I need from them. So I play with them now and then but take what comes up with a grain of salt. I wish they were more on the money...

This was my first ever deck. I wanted to love it, but after a week or two I was kind of done. It's a beautiful deck and the images are uplifting and light and the meanings are great, I just couldn't connect with it. I mostly keep it now because I don't want to get rid of it and I love mermaids. It's very easy to do readings with and I've never been unhappy with a reading, it just didn't pack a very big punch for me and I just wish it were more. The guide, however, is nice and the box it comes in is very sturdy so that's a huge plus. I don't hate this deck at all, I just grew out of it too quickly, but will still use it from time to time when it seems fitting to the reading at hand. Overall though, I liked it a decent amount and there's nothing wrong with it at all, it just isn't up there with my favorites. However, it holds good advice and helps a lot in some situations when you just don't know what to do next. I have over 15 decks so maybe I'm just used to the rest of them now so this one just doesn't do it for me anymore.

I like this deck much better than others by Doreen Virtue. The border colors are nice and go with the card contents. The images are decent and while this won't be a go to deck, it's a nice addition to my collection and at a lower price. As a side note, they come in a nice sturdy box.
