The Angel Therapy Handbook

Synopsis

Doreen Virtue has taught her Angel Therapy Practitioner course since 1997, helping thousands to learn the skills of spiritual healing and psychic readings in concert with the angels and archangels. Now, she has amassed the tools, secrets, and exercises that she teaches her students in a comprehensive handbook. Whether you're a professional healer, or just want to polish your natural spiritual gifts, this handbook is a vital reference tool that you can refer to again and again.

Customer Reviews

This book REALLY helped me connect to my own angels! It is very well written and offers great ideas on how your angels can help you with any situation or problem, large or small. I also love how careful the author is to not tie angels into any religion, since that's not how I roll spiritually. I'd recommend to anyone wanting to learn more about them!

Good guide

This is awesome! I love how she gives you the techniques that she teaches in her Angel Therapy Training for practitioners. I wasn't look to do this as a profession, I just wanted to communicate more with my Angels and open up my intuitive abilities to a higher level. Since applying what she I have learned, my intuitive abilities have certainly increased. I am loving it!

Very good book. The only problem is that many of her books are repetitive. If you buy one or two of her books you pretty much have all the info you were seeking.

This is another wonderful book by Doreen Virtue. She has so much valuable information contained in this book. Great ways to open your 3rd eye, how to take care of psychic attacks, angel meditations, etc. Just a wonderful book by a wonderful, compassionate and caring person. This book is a must read. It will give you information you haven't found elsewhere and help you connect with your angels on a one on one basis. It will also help you recognize things you might not have noticed before. Great book from cover to cover. Thank you Doreen for yet another wonderful book.

Love this book

I discovered about eight years ago that there were angels around me. I've learned over the years how communicate with them, but I'm still working on learning how to actually work with them. But finding Doreen is a god send for me. She helps me understand things so much better, teaches me things I couldn't have learned on my own and also acts as a form of confirmation for me (the angels tell me a lot of the same things that I'm reading in Doreen's books, that sometimes to this day I still tend to listen too much to my ego and wonder "am I just imagining that?"). There is so much I don't understand about my abilities. I'm really learning a lot from this book on how to fully learn about and tap into my natural abilities.

It was informative, with some helpful insights, even several practice ideas to further my skill building.
