Best Sellers Rank: #4,736,757 in Books (See Top 100 in Books) #96 in Books > Science & Math > Agricultural Sciences > Tropical Agriculture

Customer Reviews

The best and only book on bananas out there. I worked with FIHA while and I know all this is good research and well worth the time. Plus I got a bargain price.

This book es wonderful, it mention all about Banana's crop. For my work this knowledge will help me a lot. Unfortunately there is no more updated edition of these authors.
