Viridian Gate Online: The Jade Lord: A LitRPG Adventure (The Viridian Gate Archives Book 3)

Synopsis

November, 2042 It's been a busy month for thirty-two-year-old Jack Mitchel: Three weeks ago, he died. Two weeks ago, he founded the first Faction in the ultra-immersive, fantasy-based VRMMORPG, Viridian Gate Online. A week and a half ago the world ended, destroyed by a cataclysmic asteroid. Seven days ago, he conquered the Imperial city of Rowanheath, bringing all of Eldgard to the brink of war. Though Jack's Faction, the Crimson Alliance, has a tenuous truce with tech genius and Imperial lord, Robert Osmark, Jack knows it can't last. Osmark is devious and power hungry, and it's only a matter of time before he sends his forces to wipe Jack and his underdog crew off the map for good. If Jack hopes to survive another month inside of VGO, he must find a way to beat Osmark and his army of bloodthirsty thugs, and a new quest—the Path of the Jade Lord—may be just the ticket. But this quest will be far harder than anything Jack's faced before, pushing him to his mental, physical, and moral limits. And if Jack isn't careful, his quest to defeat Osmark and the Empire may end up turning him into the despot he's been fighting against.

Customer Reviews

Big fan of this author and am really enjoying this series. Lots of fighting but love how the MC uses his brain just as much as his muscles to work around problems and doesn't always do things the way that you expect him to. Can't wait for the next one in the series.

LitRPG that I really enjoy. Well written with good editing so there are few jarring typos and misused word to pull you out of the story immersion The story held my attention all the way through all 3 books so far. I highly recommend the Viridian Gate Online series and I can't wait for the next installment.

The story was great and the quest(s) are always interesting and fun to read. It is really easy to put yourself in the character's shoes and identify with the decisions they are making. I thought overall that this was some of the best LitRPG I have read.

An easily read book where our hero wins through with some close calls and the occasional loss of his comrades. This book is leading up to a major conflict in either the next or the one after that.

Very fast paced this time around. Good character development for Jack, finally gets his head on straight. Really enjoyed the heist and main quests. Very much looking forward to book 4.

I mean it was a good read, worthy of the series, but for me there are others which i enjoyed far more. Still, worth every penny and you should consider buying this

Really digging this story! Hunter nails LitRPG!
