I am an advanced German student and I needed a dictionary to assist me while reading a book, and this one is perfect for that. It has a very convenient size, but it contains everything that is essential to a dictionary, things like gender, plurals, grammar and sentence examples. It has helped me improve

my progress in German since day one. Well worth the price!!

I am about 50% literate in the German language and I am trying to increase my vocabulary. I read the German news in German and sometimes converse in German. This dictionary is just right for me.

Lots of words, but very small print. Very difficult for my aging eyes to read--even with my reading glasses. Good format.

You can't go wrong with a Langenscheidt dictionary. This German - English, English - German dictionary has served me well. This is a pocket book published by Simon and Schuster.

rather fascinating. Inexplicably my 1970 Langenscheidt's had started to fall apart, so this volume was needed. Not only does it have thousands more entries, but their way of showing shades of meaning has improved as well.

Very good reference book to add to my collection. Would highly recommend.

I am German and learned a bit. Due to this book it is all coming back to me. Great purchase!

It was a gif and the person loves it.
