This is a cool book I really liked it it is a must-read, I love how they work together to solve the case :)

My grandson loves this series (he is 9 1/2). I have read them as well. They are well written, Move right along and are enjoyable.

I read most of this book series and really liked them. The stories are exciting and thought provoking. The primary relationships are respectful, too. I am 16 years old now, but I read this book series when I was 10-11 years old. I still keep them to loan out to cousins.
